INTERNATIONAL WOMEN'S DAY: GIFTING IDEAS THAT WILL MAKE THE EARTH SMILE

Posted by GreenStories | Mar 8, 2024 | Climate, NATURE | 0

Plant an evergreen memory and offer gifts that are rooted in eco-sensitivity

From ancient times, nature has been consistently portrayed as feminine in epics, writings, and poetry. Renowned poets such as Byron too have articulated, "Dear nature is the kindest mother still." As the world observes International Women's Day on March 8, honour the planet too while sending gifts to your mother, siblings, or a special someone. Explore nature-friendly gifting options as a thoughtful tribute to Mother Earth.
